

Eksploratoryòm is a Kreyòl-language science learning program for 1st and 2nd graders aligned to the Haitian Ministry of Education's curriculum.

Each grade-level series includes 40 audio lessons plus student worksheets, early-grade reading books, and teacher materials.

The program's content-based learning approach presents and reinforces early grade literacy learning—**vocabulary, fluency, comprehension, text structure** and **written expression**—along with a rich **socio-emotional learning** curriculum.
